

**CORPORATION OF THE CITY OF PORT COQUITLAM**

**PARKS & RECREATION COMMITTEE**

A meeting of the Parks & Recreation Committee was held in K. J. Taylor's Office at 11:00am on Wednesday, August 1, 1990.

In attendance was Alderman Laking and Alderman Gates.

Also in attendance was K. J. Taylor, Parks & Recreation Director.

**Item No. 1 Replacement Vehicles-Equipment Reserve**

Mower 6024 is a 1984 ride on mower that needs to be replaced and vehicles 1101 and 1105 are 1981 1/2 ton pick-ups that need to be replaced.

Recommendations:

- a) That a 1990 ride on mower be purchased from Ram Rentals at a cost of \$10,376.00.
- b) That two 1990 1/2 ton pick-ups be purchased from Metro Motors at a cost of \$14,048.00 each.

Carried

**Item No. 2 1990 Capital Budget-Rake & Vacuum System**

A rake and vacuum system would allow the park section to pick-up leaves in the park more efficiently. This would free up staff to do other projects.

Recommendation:

- a) That we purchase a rake and vacuum system at a cost of \$10,376.00.
- b) That two 1990 1/2 ton pick-ups be purchased from Metro Motors at a cost of \$14,048.00 each.

Carried

...2

  
AUG 1 - 1990

**Item No. 3 Reeve Street Park Clearing**

a) The original price to clear and pile the 17 acres was \$2,500.00 per acre for a total cost of \$42,500.00. With this method we would have cut the trees on site and piled the wood and also the stumps. At this time there was no intent to burn.

b) To haul and load and take away the trees and stumps would cost \$300 per load. Based on 35 loads per acre the cost = \$178,500.

c) To burn on site would cost an additional \$1500 per acre. The total cost to burn =  $\$1500 \times 17 = \$26,500$ .

Recommendation:

That the original report sent to council on Reeve Street be adopted and sent back to council for reconsideration.

Carried

**Item No. 4 Chelsea Park-Public Information Meeting**

The public information meeting on Chelsea Park will be held on August 22, 1990 at 7:00pm at Hyde Creek Centre.

**Item No. 5 Rowland Lacrosse Box**

Last year we had a request from the Wilson Centre Place to erect fencing at the end of the lacrosse box closest to the building. The purpose of the netting would be to prevent any lacrosse balls from the possibility of breaking windows.

Cost \$3,900 Parks D.C.C. Interest

Recommendations:

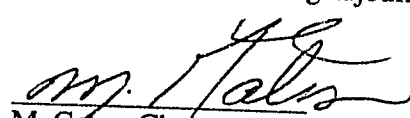

a) That we erect fencing at the end of Rowland Lacrosse Box closest to Wilson Centre Place at an estimated cost of \$3,900.00.

b) That the \$3,900.00 be taken from Parks D.C.C. Interest.

Carried

**ADJOURNMENT:**

The meeting adjourned at 11:45am.

  
M. Gates, Chairman

  
Janna Taylor, Secretary

Dear Sirs:

Re: REEVES PARK CLEARING PROJECT

Contract price given: \$2,500./acre to clear and pile.

Additional charges to haul and load 60 yard containers  
to land fill site, dump fees included, \$300./load.  
Assuming 35 loads/acre.

Additional charge to burn on site, \$1,500./acre.

Regarding the chipping of material. At this time there  
is nobody in the Fraser Valley with the equipment to  
chip roots and stumps. Even if chipping was done, hauling  
of chips to a land fill site would still be required.

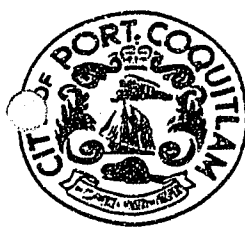

Chipping of small branches is possible but the noise factor  
should be taken into consideration. Therefore, we feel  
hauling of the material is more economical as long as  
land fill sites close by are available.

Yours very truly,

Blaine W. Bertram  
Bertram Excavating Ltd.
