SUBJECT: Hyde Creek Pool

RECOMMENDATION:

That the City reject the offer received from School District No. 43 (SD 43) for the City to buy out SD 43's share of the Hyde Creek pool.

BACKGROUND & COMMENTS:

Attached is a letter received some time ago from SD 43 which outlines their offer to us. We have deliberately delayed responding to their offer because our earlier offer (in April 1985) to amend the cost sharing to 65% City, 35% SD 43 has never been responded to.

SD 43's present offer is unacceptable and does not even warrant serious consideration in that it addresses only their concerns and change in our partnership agreement should address concerns of both partners.

Their offer is:

- 1) We pay \$500,000 for their 50% of the pool.
This figure is probably too high and SD 43 can only see this as a starting point. SD 43 put up \$333,333 for their half of the pool (not the whole facility) which does not include a share of the cost of the land.
- 2) In addition they commit to rent from us for 5 years with our revenue being reduced from present \$156,857 to approximately \$80,000.

Dear Mr. Kirk:

Re: Hyde Creek Pool

Based on our discussions last week regarding Hyde Creek Pool, the matter has now been brought to the Board of School Trustees. The Board wishes to propose an offer whereby the City of Port Coquitlam may purchase the pool on the following terms:

- 1) A cash payment of \$500,000 made in equal instalments on January 1 of each year, for five years, at a rate of interest determined at that date based on the Bank of Canada prime rate.
- 2) The Board will continue to commit itself to using the pool for no less than five years at a cost equivalent to that currently being charged the School District by the District of Coquitlam for the use of the Chimo Pool facility.

How much?

I would appreciate your bringing this offer forward to Council and advising us whether or not these terms are satisfactory to the City of Port Coquitlam.

Yours truly,

Dear Jana Taylor

The Port Coquitlam Minor Baseball Assoc. has a team of boys who were Provincial Finalists in the summer of 1986. We would like to obtain council's premission to have these boys attend at City council to receive the civic awards.

A list of the 15 boys and their achivement was delivered to Mr Freman's office last week.

We would like to have them go to council as soon as possible as this is for the 1986 year.

We understand that the ringette association has been accepted and are scheduled to appear in May.

Our sincere thanks for your help in this matter

Dear Ron:-

I realize I am becoming a pest and for that I apologise but due to a back log of teams eligible for civic awards I would like to ask a favour of the city and council.

On April 27th the Port Coquitlam Ringette Assoc has one team of provincial finalists appearing at Council to receive their civic awards. On that same night I would like to include a second team from ringette. The POCO Royal Purple novice "E" Provincial Champions. Attached is a list of the girls and their coaches.

I have decussed this with the Mayor and he feels that something can be worked out.

It will be a big help to the Ringette association if you can arrange this. Mr Greg Crowe from Ringette will be contacting your office this week to find out if this is ok.

My thanks for your assistance in this matter

MEMORANDUM TO: K. Janna Taylor, Parks & Recreation Director
MEMORANDUM FROM: Bram Hoogendoorn, Parks & Facilities Superintendent
SUBJECT: Trees on Boulevard

Mr. Richard Goodman at 2446 Mary Hill Road would like to have eleven alder trees removed from behind his house. They are on lane allowance but are part of the landscaping for the west side of the arena parking lot. Mr. Goodman claims that his six year old daughter cannot go out into the backyard to play because pollen drops at this time of year and she suffers with asthma and is allergic to pollen.

The cost to have these eleven trees removed (some are overhanging his backyard) is \$600. They are not included in the plan of B. Guzzi as drawn up recently for the department future vision of this area.

The trees could be replaced by cultured trees as was previously done on the boulevard (please see enclosed picture).

Could we please have Committee's decision on this matter?

Dear Mr. Goodman:

re: Alder Trees - Road Allowance

The Parks & Recreation Committee discussed your request to have the alder trees removed from behind your house. The reason for your request was that your daughter was allergic to the pollen drops at this time of year. The Committee understands that during the Spring, many residents are allergic to various pollens in the area. However, I am sure that you can appreciate that a city without trees, grass or flowers would be unrealistic. Many of our citizens are faced with similar problems, especially those who are close to our parks, flower areas, etc.

The Committee is sorry that your daughter is allergic; however, we are not prepared to cut the trees down as they are part of the landscaping for the west side of the arena parking lot.

Yours sincerely,

K. Janna Taylor,
Parks & Recreation Director.
