Mr John Vance

Vancouver B.C.

Dear John,

I don't know whether you remember me or not, but any how no doubt you will when you go back to the examination at Victoria.

I wanted a man to help me in the office here, I am in charge of the office of the Rossland Power Co., Mill at Trail.

The work consists chiefly of Assaying the daily samples from the pits, there are about 20 daily from the Concentration Dept & 3 or 4 from the Cyanide Dept. There is a Cyanide expert here in the office, & he has been looking after the assaying of the solutions. The work is not altogether hard one can get through about 5 o'clock in the afternoon by starting at 7 am. with an hour for lunch. The pay will be 3⁵⁰ a day & straight time.

We have only been working half

a day on Sunday & hope to keep on that way but of course one might have to work the whole day now & again.

Thomas has taken my place in the Roseland office. He is getting on fine & likes the place. I would like you to

wire me at once about the position because I am holding the job until I hear from you.

The Company are good people to be with & think the show for a rise is a good one.

You can board in Trail for \$25 a month at almost any of the hotels.

Awaiting your reply.

Yours truly
Graham Cruickshank
