E. A. Wheatley, Esq.,
Registrar, Association of Professional Engineers,
718 Granville St.,
City.

Dear Sir:-

Will you convey my thanks to the Nominating Committee for the honour it purposes to confer on me. At the same time after thinking the matter over very carefully, I am confident that I should not be able to do as good work on the Council as if I remained simply a member of the Examining Board. I really have not the time to attend the meetings of the Council. I should be glad, therefore, to be excused from accepting the nomination so kindly offered.

Yours faithfully,
