

May 25, 1939.

J. F. C. B. Vance, Esq.,  
Chief Food Inspector.

Sir:

I beg to report having examined 144 kidneys on the premises of P. Burns & Company, foot of Woodland Drive, and from these I selected 72 for the Royal order.

These kidneys were of A.1. quality, in good condition, and free from disease, and were prepared under proper sanitary conditions and carefully packed and handled.

Respectfully submitted,
