H. R. Dawson, Esq.

Navy & Army Canteen Board,

London, Eng.

Dear Sir;-

On Jan 18th, 1918. Ten samples of Milk were taken from a shipment of 1000, cases lying at Evans Coleman & Evans, Wharf.

The milk was labeled, Buttercup Brand unsweetened,

Mr Cromie states that this is the last of the old stock on hand, and as before the cases will have to go through without numbers or distinguishing mark. I have taken ten samples from this shipment in order to arrive at a better average, my charge however, will be only on five samples as called for in the contract. The analyses of the milk is as follows,

7.	42%
6.	92%
7.	57%
7.	35%
7.	38%
6.	98%
7.	42%
7.	35%
7.	46%
7.	45%

7. 33%, Average.

Yours very truly,

John G. S. Vane. M.B. St.
City Analyst.
